Rt. 7, Frederick, Md. 21701
2/19/68

Dear Lillian,

Sorry we didn't have more time together.

Here are the blueprints, all that I have. Please insure them when you return them. If you make any exhibit from them, I'd appreciate a copy.

Sorry to be so brief. Aside from the considerable accumulation during my absence and the backlog of work I left, my wife sprained her ankle rather badly the day after I got back, so that slows us down more. Best to everyone,
